

Glenview Public Library Online Resources for Home Learning

Most resources are available from home with your Glenview Public Library card. If you do not have a library card, you can sign-up for a temporary card. Visit <https://www.glenviewpl.org/> and follow the instructions below.

Instructions for creating a temporary card:

Follow the [Online Card Registration link](#). At the top of the page that follows, it will say "If you are not registered for library services, click or tap [here to register now](#)." Click on the link and fill out your personal information. If you have any questions or run into any complications, please contact [Reference via Email](#) and we will be happy to help.

At the end of the process, you will receive an alphanumeric code starting with PACREG. This code is your temporary library card number, so please be sure to write it down. It can be used to sign into Glenview Public Library's online resources. As of April 2020, temporary cardholders can access all resources listed except Kanopy and RBDigital.

Temporary library cards will be disabled after the library reopens. When the library reopens, please visit us to receive a permanent card and continue to enjoy all the library has to offer you and your family.
